

Rainbow Acrostic

This intercessory prayer was written when we looked at the story of Noah and the ark and thought about God's promise to us symbolised by the rainbow and how we, in accepting God's promise,, also have the responsibility to care for one another.

Ray of hope who joins all the world together
Acept our prayers for our world
Imagine a world without love
No one to care for us
Be with us always
Our friend and our parent
We love you

Remember those who haven't enough to eat
All who have no home
Ill people
No rain – or too much rain
Bless all who are suffering
Our sisters and brothers
We love them.
